HANDOUTS: Travel Info

Parents who have been to Mexico before:

What was the most rewarding thing for you as a parent?

What was the most challenging thing for you as a parent?

PLEASE PREPARE WISELY

Going to Mexico is fundamentally good and provides many opportunities for glorifying God, many temptations to sin, and many opportunities for the gospel!

Remember that a trip like this is an intense experience, so it will tend to magnify, not minimize, the temptations that are characteristic at home.
Send them with one verse to sustain them in that particular temptation.
