The Divine Plan for the Christian Life

Philippians 1:6

God will never stop His work in you until it is done.

1. Who is going to complete the work?

“There has never been the slightest doubt in my mind that the God who started this great work in you would keep at it and bring it to a flourishing finish on the very day Christ Jesus appears.” (Eugene Peterson, *The Message*)

2. When is the work going to be complete?

Discussion/Application Questions:

- When you are helping someone struggling with sin, are you more aware of what he/she is doing or not doing, or what God is doing?
- How does Philippians 1:6 inform the way we should view our own struggles against sin and others' struggles?
- How can we know that Philippians 1:6 is true?
- What is one step you can take to carry Philippians 1:6 into your relationship with God and others?
