**FOR DISCUSSION**

- What are the three things you wrote down that a friend does? Why did you write that? Would you change your answers after hearing the message?
- What does “exhort” mean?
- Can you think of ways that you've helped friends to be like Christ?
- When was the last time you and your friends talked about God? What did you talk about? What keeps you from talking about God with your friends? What questions could you ask to start to talk about God?
- Who can you encourage tonight? What would you tell that person? Make a plan to encourage someone tonight.
- Do you have any friends that are walking over the cliff? How can I help you be a good friend?
